National Geographic Society. Paperback. Book Condition: new. BRAND NEW, Glimpsing Heaven: The Stories and Science of Life After Death, Judy Bachrach, Clinical death-the moment when the heart stops beating and brain stem activity ceases-is not as straightforward as it may seem. Hundreds of thousands of post-death experiences have been documented, and for many who have died and returned, life is forever changed. And now an increasing number of researchers are turning their studies to people who have travelled beyond the near-death experience, recognising patterns and pushing the boundaries of science. Through interviews with scores of these death travellers, and with physicians, nurses, and scientists unravelling the mysteries of the afterlife, Bachrach redefines the meaning of both life and death. Glimpsing Heaven reveals both the uncertainty and the surprising joys of life after death.
