Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from An Introduction to the Science of Comparative Mythology and Folklore My purpose in this volume is to give a general view of the vast mass of popular traditions belonging to the Aryan nations of Asia and Europe, and of other tribes so far as the conditions of the subject may render necessary. Its starting point is the principle that the popular traditions of no one Aryan people can be really understood except in their relation to those of other tribes and nations of the same family, and that the epical and dramatic literature of those races has been constructed from materials common to all branches of the Aryan stock and furnished by popular sayings, stories, and tales, many of which have never had the good fortune to be more than the talk of nurses and children. The Greek term mythology scarcely expresses, indeed, the fact that the traditions, on which the epic, lyric, and dramatic poetry of the Aryan nations has sprung up, really constitute what in strict speech we may speak of as the whole learning of the people in early stages of thought and civilisation, and sum up their thoughts on the origin and constitution of the outward world. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
