Excerpt: .reports, also for proper carrying out all tests and inspections of work done (as prescribed by plans and job orders or specification requirements). As he must check work of other division heads, he reports direct to industrial manager. (6) Material.S uperintendent.--To handle preparation of requisitions direct from plans and material lists, conduct purchasing, storage, and supply of all materials, machines, tools, supplies, equipment of every kind used by the industrial yard; to maintain automatic follow up records of status of every requisition, purchase order, contract, etc., and to accept full responsibility for securing and delivering on ti/me every material.thing required by the Industrial Department. He also is charged with the survey and inspection of materials. The maintenance of elaborate material office organizations by Hull, Machinery or Pulrlic Works Departments has no place in this proposed re-organization. All of their activities are properly functions of the material ( supply ) division and the latter should be given this responsibility together with the organization to handle it. (7) The Marine Sujerintena ent.--In charge of dry docks, berthing, of ships, floating property (tugs, lighters, launches, floats), of berthing facilities, and ships in ordinary. He moves vessels on waterfront to suit convenience of outside superintendent, upon request of latter, but never without informing him in advance. In the proposed type office building (Fig. I), it will be noted that the office of the marine superintendent is close to that of the outside superintendent with whom he should...
